If you have taken classes with Caleb than you know he is always on fire with great ideas and brings out the best in everyone with an incredible amount of fun and camaraderie. His classes sort of take on their own zany ways, and are filled with laughter and major entertainment. For the veteran cartoonists they will continue to work on writing, drawing, and completing an extended 3-5 page comic book with an original story and characters. New students after a brief explanation of the basics will begin to work on writing, drawing, and completing a 1-2 page comic book with original stories and characters. Caleb works with the group on drawing lessons and individually. He has a natural ability to increase everyones drawing abilities while exploring individual themes and fantastic ideas.
